Collection

Aluna+ Classic

Blending tradition, sophistication, and comfort, this unique Aluna+ collection seamlessly integrates classic aesthetics with modern innovations, resulting in doors with unparalleled character.

Drawing inspiration from the grandeur of the Victorian era and the charm of countryside living, these Aluna+ models feature refined, traditional forms that harmonise beautifully with both classic and contemporary interiors.

Aluna+ Classic is the perfect choice for those who seek enduring style - one that transcends trends and remains effortlessly elegant for years to come.

ALUNA⁺

GLAZING OPTIONS

Glass in doors is more than just functional, it is a decorative element that enhances the style and character of any entrance.

Aluna+ offers a wide selection of glazing options for both door panels and sidelights, allowing you to create a truly unique composition.

Our laminated safety glass, available in various designs and finishes, ensures durability, elegance, and everyday comfort.

ONE-WAY MIRROR*

* Minor scratches that may appear on the surface of one-way mirrors, as well as potential long-term degradation of the mirrored coating, are inherent characteristics of this type of glass. These imperfections are not subject to warranty claims.

SIDELIGHTS & TOPLIGHTS

Sidelights and toplights maximise natural light, brightening the interior while enhancing the contemporary aesthetic of the door. As standard, they are fitted with a triple-glazed unit featuring laminated safety glass, combining elegance with enhanced security.

Available in widths from 300 to 1350 mm (sidelights) and heights from 300 to 1000 mm (toplights), they offer tailored solutions to meet individual requirements.

They can be either fully integrated with the door frame or supplied as a separate element, ensuring a seamless and refined appearance.
